This sale, the eighteenth, held by the South Central Illinois Shorthorn Breeders' Ass'n marks the beginning of the eleventh year of service this organization has rendered to Shorthorn Cattle and to American Agriculture. Once again this sale represents the best of blood lines and demonstrates the good qualities that have made Shorthorns universally popular.

General Information

TIME—Thursday, June 17, 1948. Sale will start at 1:00 P. M.

LOCATION—The sale will be held at the J. A. Kamm farm one half mile east of Atwood, Ill., and one mile south of U. S. Highway 36. Atwood is nine miles west of Tuscola and twenty-seven miles east of Decatur.

TERMS—The terms of the sale are cash unless other arrangements are made with the consignor from whom the cattle are purchased before the sale commences and the sale manager is notified of the arrangement. Buyers who are not known to the sale manager will bring bank reference. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will attend to loading on cars or trucks in compliance with instructions from the purchasers.

STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS' ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase or by the time the bull is twenty months of age if purchased under fourteen months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser; or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipments will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

The above Guarantee and Terms shall constitute a contract between consignor and buyer of each lot. Neither the South Central Illinois Shorthorn Breeders' Association, the Sale Manager nor the Clerk of the Sale assumes any liability, legal or otherwise.

Where footnotes appear in this Catalog, they were furnished by the Consignors or written from information supplied by the Consignors.

We will not be responsible for any accidents that may occur, but will make every effort to provide for the safety of our guests.

PRESENT TRENDS

Present trends indicate a secure future for producers of beef cattle. Present markets and many empty lots point to a beef shortage or at least favorable conditions for beef makers.

Grain prices are almost sure to be favorable for profitable feeding enterprises this fall and winter.
